

well Sarah so you dont
see how glad I was to get
them little letters from them
boys I could almost see them
sitting there eating and here
all June fasting at Waldred
for working on his end making
him sit it over, well I have
got all of 13 little turkeys they
are pretty my chicken doing
fine, but the crows and hawks
shapewits are trying to eat all
of them up, you see I think
I wanted some times some of
them much or would die, well
died little, make share did
Saturday but I did not mean
the young ones it was old

shrub baby milk, will
take care of yourself and then
kids I will see them some
day mat, just want you to
find out where Mrs Sawyer
is and if she will tell
me if you can
send me her address
I am in a hurry as I work
above me after
some time dad said
he wished he could find some
way to go get that
if he gave I think
of it

Love to all
Mother
